The Charged Pion Form Factor Collaboration

H. Jackson, B. Mueller, J. Reinhold
Argonne National Laboratory

C. Armstrong, M. Jones, D. Meekins
College of William and Mary, Williamsburg, VA

D. Vanwestrum
University of Colorado, Boulder, Colorado

S. Avery, O.K. Baker*, K. Assamagan, C. Keppel*,
L.G. Tang*, G. Niculescu, I. Niculescu, W. Hinton
Physics Department, Hampton University, Hampton, Virginia

C. Bochna
Physics Department, University of Illinois, Champaign, IL

Pyunghun Kim, Ilkyoung Kim, Wooyoung Kim
Kyungpook National University, Taegu, Korea

H. Breuer, N. Chant, K. Gustafsson
University of Maryland, College Park, MD

W.-X. Zhao
Massachusetts Institute of Technology, Boston, MA

D. McKee
University of New Mexico, Las Cruces, NM

T. Eden*
Norfolk State University, Norfolk, VA

A. Klein, L.M. Qin, K. Vansyoc,
Old Dominion University, Norfolk, Virginia

D. Gaskell
University of Oregon, Corvallis, Oregon

D. Koltenuk
Physics Department, University of Pennsylvania, Philadelphia, PA

E.J. Brash, G.M. Huber (SPOKESPERSON), G.J. Lolos, R. vdMeer
Department of Physics, University of Regina, Regina, SK, Canada

R. Gilman*
Rutgers University, Piscataway, NJ

D. Pitz
CEN Saclay

D. Abbott, H. Anklin**, R. Carlini, J. Dunne, R. Ent, M. Liang,
D. Mack (SPOKESPERSON), J. Mitchell, W. Vulcan, S. Wood, C. Yan, B. Zihlmann***
Physics Division, TJNAF
*(** and Florida International University*
*(*** and University of Virginia)*

H. Blok (SPOKESPERSON), J. Volmer

Faculteit Natuur- en Sterrenkunde, Vrije Universiteit, Amsterdam, The Netherlands

H. Mkrtchyan, S. Stepanyan, V. Tadevosyan

Yerevan Physics Institute, Yerevan, Armenia

(and Physics Division, TJNAF)*
